Tiruppur, Tamil Nadu | 8072091298 | pretekaa@gmail.com | linkedin.com/in/preteka-a-t | github.com/Preteka | preteka.framer.website

PROFESSIONAL SUMMARY

MCA graduate (CGPA 8.5) and full-stack developer with hands-on experience building and deploying production-style web applications using ReactJS, Node.js, Express.js, and Firebase. Combines frontend development skills with a UI/UX design internship background and two published machine-learning research papers. Seeking a Frontend or Full-Stack Developer role to build responsive, user-centered web applications in a growth-oriented engineering team.

TECHNICAL SKILLS

- Languages: JavaScript, Java, SQL
- Frontend: ReactJS, HTML5, CSS3, Responsive Web Design, UI/UX Prototyping
- Backend: Express.js, REST APIs
- Database: Firebase, MySQL
- Tools & Platforms: Git, Figma, VS Code, Other AI Tools

EXPERIENCE

UI/UX Designer Intern | Zenthink Technologies

4 Months

- Conducted user research and translated findings into wireframes and interactive prototypes for client interface designs.
- Designed intuitive, user-centered interfaces, applying usability principles to improve navigation and readability.
- Collaborated with the design team to iterate on mockups based on stakeholder and usability feedback.

PROJECTS

A Unified Platform for Interior Material Sourcing | Personal Project | React.js, Node.js, Express.js, Firebase, HTML, CSS, JavaScript

- Built and deployed a full-stack e-commerce web application for a plywood store, live at final-sem-project-ut7u.vercel.app.
- Implemented a dynamic cost-estimation module allowing users to calculate raw material pricing for interior work in real time.
- Designed the end-to-end product catalog, cart, and checkout flow using React on the frontend and Node.js/Express on the backend, with Firebase for data storage.

Digital Platform for Agro Center | Team Project | React.js, Node.js, Firebase, HTML, CSS, JavaScript

- Developed a full-stack marketplace web application (github.com/Preteka/Digital_Platform_Agro_center) connecting farmers directly with agricultural product and equipment vendors.
- Built responsive product listing, browsing, and purchase-flow interfaces using ReactJS, backed by a Firebase data layer.
- Structured the application to remove intermediaries between farmers and vendors, simplifying the agricultural procurement process.

RESEARCH PUBLICATIONS

- IEEE — "Unmasking Hair Loss Through a Fusion of Human Lifestyle Data Using Machine Learning Algorithms" (Co-author).
- Scopus & UGC-Approved Journal — "Exploring Machine Learning Techniques for Stroke Prediction and Prevention" (Co-author).

CERTIFICATIONS

- AWS Educate — Introduction to Cloud 101
- IBM SkillsBuild — Data Fundamentals
- Oracle — MySQL Implementation Certified Associate
- NPTEL — Data Science for Engineers
- GitHub — GitHub Foundations

EDUCATION

Master of Computer Applications (MCA) | Kongu Engineering College, Erode — CGPA: 8.5 2024 - 2026

Bachelor of Computer Science (BSc. CS) | Vellalar College for Women, Erode — CGPA: 7.7 2021 - 2024

AISSCE, CBSE | Bharathi Vidhya Bhavan School, Tiruppur 2020 - 2021

AISSE, CBSE | Bharathi Vidhya Bhavan School, Tiruppur 2018 - 2019

CORE STRENGTHS

Leadership • Adaptability • Team Collaboration • Analytical Problem-Solving • Communication • Time Management
